

## Provincial Grand Lodge of Hampshire & Isle of Wight

### Non- Masonic presentations

We are rapidly approaching the date of our Tercentenary (24<sup>th</sup> June) with our Family Day at Marwell to celebrate this momentous occasion along with the successful conclusion of *Inside the Freemasons* having aired on Sky1 these events bring Freemasonry very much into the public eye.

Now is an ideal time for the Provincial Grand Orator and his team of Area Orators to capitalise on these events by seeking to introduce non-Masons to our fraternity by getting out to local communities, clubs and societies so that they may better understand Freemasonry through our Presentations and the opportunity for the public to ask those questions of us they thought they could never ask!

To organisations such as the University of the Third Age (U3A), Royal British Legion, Rotary Clubs, Lions Clubs, sports / social clubs, church groups and the many youth organisations within the Province and many more besides, we are able to provide talks either in the evening or at daytime meetings.

Whether the Presentations is given in a formal meeting, a tour and talk in a Masonic centre or even as an after-dinner speech, each Presentation is tailored to suit the occasion and capture the imagination and interest of the

audience through an explanation of our history and traditions as well as our charitable objectives.

If you know of such an organisation who would welcome a Masonic Presentation, please contact the Provincial Grand Orator directly.
