

## Provincial Grand Lodge of Hampshire & Isle of Wight

### Orator Service web page

The Provincial Grand Orator is pleased to advise that a dedicated Orator Service web page is now available on the Provincial web site with effect from 1<sup>st</sup> February 2018.

With the objective of advancing Masonic knowledge, our Area Orators are at the service of our lodges with a range of Presentations suitable for lodge meetings or White Table and other non-Masonic events that will inform, develop and advance knowledge of Freemasonry in general as well as provide a fascinating insight into our history and traditions.

A full list of available Presentations can now be viewed at our Orator Service page, along with Area Orator contact details <http://www.hiowmasons.org/provincial-orator-service/> This page can also be accessed from the lodge secretary page of the website.

There is also a contact form for those requesting a Presentation or those who may wish to make an enquiry as to availability. If a required Presentation or subject is not on the list you can make contact through the form and we will return your enquiry to discuss your specific requirements. Individual Presentations can be written for a lodge or other event given that sufficient notice is provided.

Presentations, purely for the interest of Masonic meetings, are of various time lengths with each taking account of the work or situation in the lodge, making them available to suit lodge circumstances for the degree being undertaken or when a further explanation of a degree is sought for the benefit of candidates.

Whatever the request, we will endeavour to assist each lodge by producing a Presentation suitable for the occasion and thus adding a daily advancement of Masonic knowledge for the benefit of the brethren.

Presentations can add greatly to the understanding of our candidates giving them the added opportunity to ask questions and discuss Masonic matters and develop both as Freemasons and as individuals.
