Hampshire & IOW Pathway App

In line with the Provincial Learning & Development Strategy, each of our Areas has now appointed its own L&D Operations Team responsible for the implementation of Learning & Development to the lodges within its Area.

These Operations Teams have been briefed as to the concept and the use of **Solomon** as a resource tool and will shortly begin the process of introducing various initiatives to their respective lodges. A previous Provincial Communication (L&D Communication No2) provided a step-by-step guide to accessing **Solomon** in the World Wide Web.

We are now delighted to advise that a special App the **Hampshire & IOW Pathway App** has been created specifically for mobile phones, iPad, tablet or PC to assist brethren accessing **Solomon** along with a range of other useful links such Square Events, Facebook, Twitter and numerous other Provincial activities. This app can be downloaded very easily and will become invaluable in every freemason's toolbox:-
