

Fostering curiosity - developing understanding (No 10)

As our Masonic meetings continue suspended for the foreseeable future, our gardens manicured and the decorating now completed, it's time for a little study into the customs and practices of freemasonry thus adding to a daily advancement of our Masonic knowledge and, it must be said, an excellent way to use some of the time we may find we have on our hands at present!

Our [SOLOMON](#) Learning & Development resource continues to be added to with a range of videos and other interactive learning tools making research and general reading both fun and interesting and we encourage all of our brethren to interact with all that is available to them.

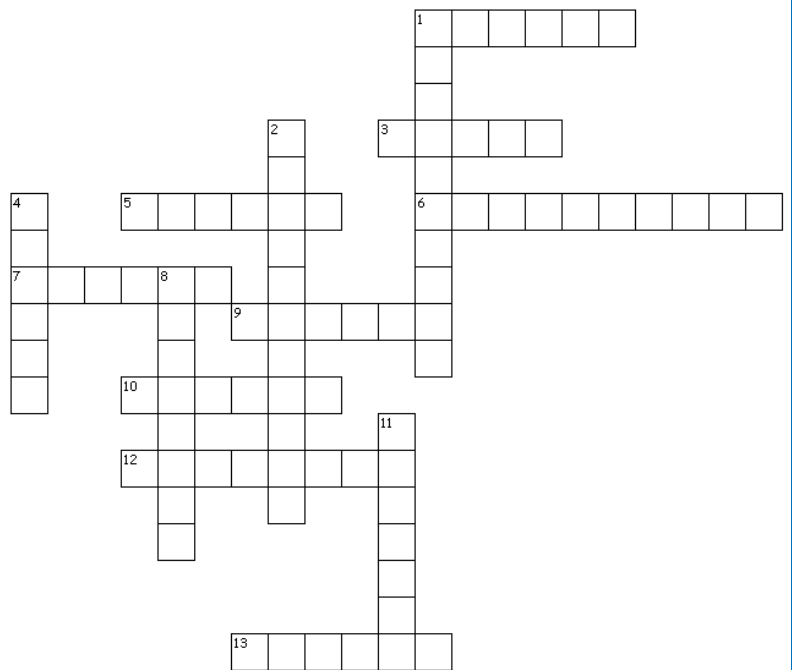

You may be accessing [SOLOMON](#) directly via <https://solomon.ugle.org.uk> or perhaps via our Team App <https://hampshireandιωpathways.teamapp.com/> but whichever access system you use put your feet up for a few minutes and use your knowledge, or with the assistance of the 'search bar' in [SOLOMON](#), to tackle the June Masonic Crossword below.
